Subject: FW: Teeing up decision on Pipeline holdback 2016
Attachments: The Anaconda Aluminum Co Columbia Falls Reduction Plant (00000002mc).docx

Hi Bill,

The call letter for the 5% holdback is due this week.

Roger and Mike C. has gotten ahead of the pack with their Columbia Falls write up.

You, Stan, Steve and Rob need to ID an additional site or two.

I have some ideas (Bonita Peak (RI/FS start, sohn [water monitors], etc.), 5 Points RD start, Colo Smelter, Record Center funding, ...)
